On reaching home and ac-quainting his wife with what he had done, she refused to have it administered to the child, as she was strongly in favor of Homosepachy. That night the child passed in suffering, and the parents with-out sleep. Returning home the day following, the father found the baby still worse; and while contemplating another sleepless night, the mother stepped from the room to attend to some domestic duties, and left the father with the child. During her absence he administered a portion of the Soothing Syrup to the baby, and said nothing. That night all hands slept well, and the little fellow awoke in the morning bright and happy. The mother was delighted with the sudden and wonderful change, and although at first offended at the deception practiced upon her, has continued to use the Syrup, and suffering, crying babies and restless nights have disappeared. A single trial of the Syrup never yet failed to relieve the baby and overcome the prejudices of the mother. Sold by all druggists; 25 cents a bottle. ja 7-cod1w
